

Ms. Jolie has it all: the career, the humanitarian work, a beautiful family, a beautiful Brad, and yes, arguably the best lips of all time. While we can't give you all of the above, we can provide the pout.

We're offering a Juvederm XC lip plumping treatment with Dr. Katz for \$325 (reg. \$650)

Juvederm is a gel-based dermal filler made of hyaluronic acid, a natural substance you already have in your body. The injection instantly plumps your lips. The process takes about ten minutes (with no downtime) and results last six to nine months (sometimes longer).

Want Angie's flawless skin, too? We're also offering 20 units of Botox for \$150 (reg. \$300)

A few tiny injections block nerve impulses, smoothing fine lines and wrinkles for three to four months. Choose to treat your forehead, crow's feet, or the lines between your eyebrows.

Dr. Katz is a "Board-Certified" Diplomate of the American Board of Maxillofacial Surgeons, Fellow of the American Association of Maxillofacial Surgery, Fellow of the American College of Maxillofacial Surgeons, Member American Academy of Cosmetic Surgery, and an Adjunct Associate Professor of Maxillofacial Surgery at Nova Southeastern University.

"Limit 2 treatment areas with Botox OR 2 syringes of Juvederm XC per client"
